Enriched GO Terms for KRT8_overall
Method
puppi
limma
SAINTq
mitochondrial matrix
mitochondrial protein-containing complex
mitochondrion
mitochondrial inner membrane
organelle inner membrane
mitochondrial envelope
mitochondrial membrane
mitochondrial ribosome
organellar ribosome
organellar small ribosomal subunit
organelle envelope
supramolecular fiber
supramolecular polymer
polymeric cytoskeletal fiber
anchoring junction
supramolecular complex
microtubule
microtubule cytoskeleton
cell junction
cell projection
cell-substrate junction
