Enriched GO Terms for KRT8_overall
Method
puppi
limma
SAINTq
mitochondrion
mitochondrial matrix
mitochondrial protein-containing complex
mitochondrial envelope
centrosome
mitochondrial inner membrane
microtubule organizing center
organelle envelope
mitochondrial membrane
organelle inner membrane
supramolecular complex
cytoskeleton
supramolecular fiber
supramolecular polymer
polymeric cytoskeletal fiber
cytosolic ribosome
microtubule cytoskeleton
microtubule
anchoring junction
ribosomal subunit
